SUMMER SESSION 1 - 2014
June 30th - August 2nd 2014

Course: LTSP 2C - CULTURAL TOPICS

- Section ID: 812555
- Schedule: Mon/Wed 11:00-1:50pm
- Location: HSS 2152
- Instructor: Beatrice Pita (bpita@ucsd.edu)

The goal of this intermediate language course is twofold: to further develop all skill areas in Spanish and to increase Spanish language-based cultural literacy. LTSP 2C is a continuation of the LTSP second-year sequence with special emphasis on problems in grammar, writing and translation. It includes class discussions on a variety of issues and culturally relevant topics. This course will have a special focus on developing vocabulary and language skills for those interested in working in the health care field. Focused grammar review, video viewings and composition assignments are also key components of the course. A diagnostic test will be administered on the first day. Prerequisite: Completion of LTSP 2B, its intermediate-level course equivalent, a score of 5 on the AP Spanish language exam or permission of instructor. This course satisfies the third course requirement of the college-required language sequence, as well as the language requirement for participation in UC-EAP. LTSP 2C fulfills requirements for the minor students, students who take 2C can afterwards enroll in 50ABC. Contact bpita@ucsd.edu with any questions.
